

AYVICO

"Empowering agriculture with innovative solutions."

About Us

At AYVICO, we are dedicated to improving the health and productivity of agricultural ecosystems. Our expertise lies in the production of premium-grade organic nutritional supplements. Unlike medicinal products, we focus on supporting the well-being of cattle, ensuring robust health and enhanced livestock productivity. Our commitment extends to offering innovative solutions that promote animal welfare and contribute to the sustainability of farming practices.

In addition to livestock care, we focus on soil fertility and plant growth. Our range of soil enhancers and plant health products is designed to enrich the land and optimize crop yields, supporting farmers in cultivating thriving, resilient, and productive crops.

Our Mission

The mission of AYVICO is to promote sustainable and healthy agricultural practices by providing top-quality veterinary medicines that ensure the well-being of cattle. We are committed to enhancing livestock health, improving farm productivity, and contributing to the economic prosperity of farmers.

Additionally, we aim to enrich soil fertility and support plant growth through innovative products that nurture the land. By fostering healthy ecosystems and increasing crop yields, we strive to create a positive impact on both farming communities and the environment. Our goal is to enable sustainable growth for all.

Our Product

'Explore Our Product "CATTLE FEED" Details & Benefits'

AYVICO
Cattle Feed

The AYVICO Cattle Feed is the best way to give good health and good life to animals. Its benefits are as follows:

- Strengthening the immunity of animals
- Increasing the efficiency of nutrient absorption and activating growth processes
- Enhancing milk production efficiency
- Enhancing digestion and maintaining optimal acidity
- Increases fat and SNF (Solids-Not-Fat) content in milk
- Accelerating metabolic processes in cells and increasing vitamins and other nutrients

Method of Use:

200 ml daily

100 ml with the morning feed

100 ml with the evening feed

Our Product

"Explore Our Product "SOIL PREPARATION" Details & Benefits"

AYVICO
Soil Preparation

Soil preparation is essential for creating a healthy foundation for crops, enhancing fertility and structure. For example, proper tilling can improve aeration and drainage. Its benefits are as follows:

- Loosening topsoil makes it perfect for cultivation
- It lets roots grow deeper into the soil
- Loose soil improves aeration for better root oxygen
- It supports microbes and worms, enriching soil
- Weeds and waste are cleared, enhancing growth
- Nutrient-rich soil boosts plant growth

How to Use:

Mix 5 to 7 ml AYVICO Soil Preparation with 1 Liter water

Our Product

"Explore Our Product "GROWTH PROMOTER" Details & Benefits"

AYVICO
Growth Promoter

A "Growth Promoter" ensures that plants remain healthy and strong from within, enhancing their overall vitality and growth. Its benefits are as follows:

- Plants grow faster and stronger
- Crops get more nutrients
- Plants stay healthy even in harsh weather
- More flowers and fruits grow and stay fresh
- Better harvest and more yield

How to Use:

Mix 5 to 7 ml AYVICO Growth Promoter with 1 Liter water

Our Product

"Explore Our Product "BIO AMRIT" Details & Benefits"

AYVICO
Bio Amrit

Bio Amrit is sprayed on plants to eliminate harmful fungi, pests, and viruses, ensuring robust plant health and vitality. Its benefits are as follows:

- It eliminates fungus and supports the growth of plants
- It prevents damage caused by pests and insects
- It acts as a pesticide, fungicide, and miticide
- Foliar sprays target various pests
- Trials have shown good results against pests and viruses

How to Use:

Mix 5 to 7 ml AYVICO Bio Amrit with 1 Liter water

Animal husbandry is a business where goodwill
